Tamer Motorsports Finalizes 2009 Race Program

Tamer Motorsports has solidified their efforts for the 2009 Monster Energy AMA Supercross Series. The opening round is January 3rd, 2009 in Anaheim, CA.

The team will field 2 riders in the West coast Lites class with Michael Blöse and Vernon McKiddie. Michael is new to the organization and Vernon raced for Tamer Moto XXX in 2008 and will return in 2009.

The official team name is **Tamer - Hooters - Cumberland - 2 Wheel Outlet Racing** with major support from Moto XXX, Vortex Sprockets, Wiseco Pistons and Clutch Components, Enjoy Graphics, Rockwell Time and Leo Vince Exhausts.

“Our program is pretty much the same as 2008 regarding sponsors. Having Hooters involved again is awesome. Hooters does a lot for this organization and I need to thank Hooters of America and Mike McNeil for this continued opportunity,” said team manager Kevin Maret.

New is 2 Wheel Outlet, which is a web based dealer site that allows consumers an afford-

able avenue to search new and used inventory from the nation’s finest motorsports dealers.

“Moto XXX is pleased to announce we will be continuing our relationship with Tamer - Hooters for 2009. Kevin Maret has a great program and we look forward to entering our 12th year of racing with him and the rest of the team,” stated president Kevin Keehl.

Cumberland Care is a pharmaceutical distributor of generic and non-generic prescription drugs sold Worldwide to pharmacies such as Albertsons and others. “Cumberland is a unique sponsor. They really use the race team as an entertainment venue for existing and potential customers as a “Day at the Races” with a professional team giving them a behind the scenes experience,” said Maret.

Another new sponsor is Rockwell Time specializing in time pieces for the action sports industry.

Tuners for the team are Tony Esch keeping Michael Blöse’s #68 Hooters machine running and Ken Lile keeping Vernon McKiddie’s #129 Hooters machine on the track. Kyle Stone will be doing the transport driver duties.

The team will compete in the nine West coast oriented Supercross rounds in 2009 possibly adding the St. Louis, Daytona and Atlanta Supercross rounds to our schedule.
